Peter Murphy: retirement from competitive Short Track!

Peter started short track at the age of 10 with the Short Track Club in Kockelscheuer. Over the years, he has had the chance to train in many different countries—first in Luxembourg, then in Poland, and most recently in the Netherlands for the past four years.

During most of this time, he successfully pursued a dual career program, combining life as an elite athlete with his academic studies.

His main highlights include his active participation on many World Cups, European- and World Championships, where he represented our small country Luxembourg on the big stage. He also made many friendships through the sport and learned a lot along the way.

The most important and impressive moments were when he won the **Gold and Silver Medals** at **EYOF 2017** and finished **Top-10** at the **Winter World University Games 2025** in Turin last year.

Today, Peter closes an incredible chapter as an elite athlete.

We **thank you very much**, Peter, for your efforts and your perseverance you brought on the ice over all these years and wish you **all the best for the future!**
